SUN, 21 MAY - FRI, 26 MAY

Catherine was a social mystic - a woman whose spirituality had direct social implications for the people of her day. We too are social mystics impacted by our own spirituality. During this guided retreat we will explore Catherine's Suscipe, listening attentively with the 'ear of our hearts' to the fresh and encouraging words she wishes to share with us. Renewed and refreshed in Mercy, we will go forth to face the issues of our own time with Catherine's depth of imagination and courage!
